

The Australian General Social Survey - Social Experiences - Community and Family Involvement

Dear participants,

Thank you for opening joining this questionnaire. The estimated time to complete the questionnaire is 5-10 minutes. This questionnaire is to study the impact of the COVID-19 pandemic on Australian citizens in the Family, Social trust, and Health status areas. All data will directly enter the Australian Government Statistics system for statistical analysis and your personal information will never be leaked.

Sincerely,
Government of Australian
